

Please consider the fairness doctrine. Putting the media in the hands of just a few wealthy, powerful individuals smacks of control of the media to the detriment of any fairness or balance in presenting the news. The media is already concentrated in the hands of the far right wing in this country (no, the media is not liberal, as conservatives keep insisting). With no control being exerted, I fear this is the end of democracy in this country. It is already under attack with the Patriot Acts I and II. Please leave some place for people to express opinions that don't fall in line with the strictly conservative view. It's almost too late for any fairness in the media, please don't drive the final nail in the coffin.
